

TITLE I—PROCUREMENT

LEGISLATIVE PROVISIONS

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Section 101—Authorization of Appropriations

This section would authorize appropriations for procurement at the levels identified in section 4101 of division D of this Act.

SUBTITLE B—NAVY PROGRAMS

Section 113—Limitation on Availability of Funds for Procurement of Icebreaker Vessels

This section would prohibit funds authorized to be appropriated by this Act or otherwise made available for the Department of Defense for fiscal year 2018 from being obligated or expended for the procurement of an icebreaker vessel.

SUBTITLE C—AIR FORCE PROGRAMS

Section 121—Streamlining Acquisition of Intercontinental Ballistic Missile Security Capability

This section would list findings regarding the acquisition of an aircraft to provide intercontinental ballistic missile security as a replacement for the UH-1N helicopter, express the sense of Congress that the Secretary of Defense should have the authority to expedite procurement of a replacement aircraft for the UH-1N helicopter, and authorize the Secretary of Defense to waive any provision of law requiring the use of competitive procedures for the procurement of a UH-1N helicopter replacement and enter into a contract for the procurement on a sole-source basis. The Secretary's authority in this section would be subject to a 15-day wait period, a notice of the Secretary's intent to exercise such authority, and the Secretary's certification of certain events and determinations.

Section 122—Limitation on Selection of Single Contractor for C-130H Avionics Modernization Program Increment 2

This section would prohibit the Department of the Air Force from selecting a single contractor for the C-130H avionics modernization program increment 2 until the Secretary of the Air Force certifies to the congressional defense committees that every opportunity will be taken to make use of commercial-off-the-shelf technology solutions and nondevelopmental items and that excessively restrictive military specification standards were not used as criteria to restrict or eliminate fair and open competition.

SUBTITLE D—DEFENSE-WIDE, JOINT, AND MULTISERVICE MATTERS

Section 132—Limitation on Demilitarization of Certain Cluster Munitions

The section would prohibit the elimination of cluster munition stockpiles considered to be non-compliant after January 1, 2019, according to the Memorandum of the Secretary of Defense dated June 19, 2008, regarding the Department of Defense policy on cluster munitions and unintended harm to civilians. The prohibition remains in effect until the Secretary of Defense certifies that the Department retains sufficient inventory levels of operationally suitable cluster munitions that comply with the Department's current policy, and meets at least 75 percent of the U.S. combatant commands operational requirements across the full range of military operational environments.

This section would allow the demilitarization of cluster munitions determined to be unserviceable due to a significant failure to meet performance or logistics requirements. Cluster munitions categorized as unserviceable solely due to current or amended Department of Defense policy related to cluster munitions

would not meet this definition of unserviceable, and would be subject to the limitation in this provision.
